THE CEMETERY TASK TEAM meet every month for a couple of hours in the cemetery on the second Saturday of the month 10am-12.30pm. We sweep paths and remove invasive saplings (buddleja, holly and ash) from between the graves, keep the flower tubs near the chapels stocked and generally do what we can to enhance this fabulous garden cemetery. All tools supplied, just wear stout shoes and bring gardening gloves and a flask if you want a warm drink. We meet at the chapels. Contact Liz for more details: lizcook80@icloud.com
